Education

Fast Lane to MedTech Certification: Click, Certify, Comply? A Distant Dream or Soon Reality?
Leon Kobinger

19 March 2025 | 4 – 5 pm (CET) | Online Webinar

Is your product falling under either the Medical Device Regulation or/and EU AI Act?

Join us for an exclusive expert-talk for a realistic assessment from industry innovators what is possible with the latest advancement in automation and AI to **accelerate medical product certification**… and what is not.

Key Insights

- Understand the evolving landscape of MedTech certification and what is needed for faster market entry without compromising compliance

- Explore what benefits software supported certification can bring and what is not possible, enabling faster market entry.

- Real-World Application: Real Case example of a MedTech company and guiding through the main use cases.

- Best Practices out of the industry

Leon Kobinger (M.Sc. Medical Informatics, M.Sc. Robotics & AI), Managing Director & Co-Founder of CertHub GmbH, shares his insights and lessons learned from 11 years of hands-on software developing in highly regulated industries such as MedTech and Aerospace.

Online via MS Teams | Please register here!

Registration to the webinar is required in advance. Please register no later than **18th March 2025**. Please note that you will receive the MS Teams Meeting link and access code the evening before the lecture and that access to last minute registrations, cannot be guaranteed.
In unforeseen cases, the organizers may change and update topics and speakers.
